MEETINGS FOR THE TEACHERS

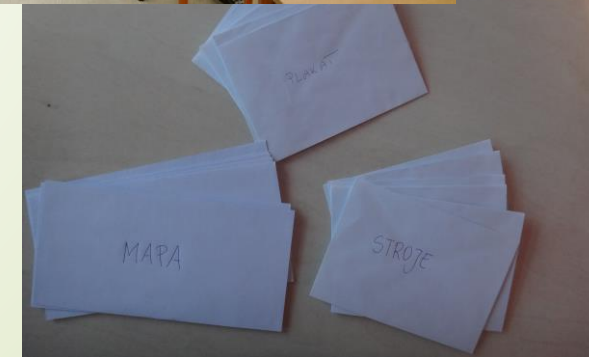

- ▶ Meetings have been held for teachers of geography, knowledge about citizenship, history, foreign languages and entrepreneurship.
- ▶ Teachers were:
 - familiarized with the concepts of global education and the Global North and Global South,
 - presented the possibility of introducing elements of global education into the core curriculum,
 - explained the principles of the code on the images and messages for the countries of the South,
 - presented links to websites with educational materials for teachers.

SCHOOL GAME

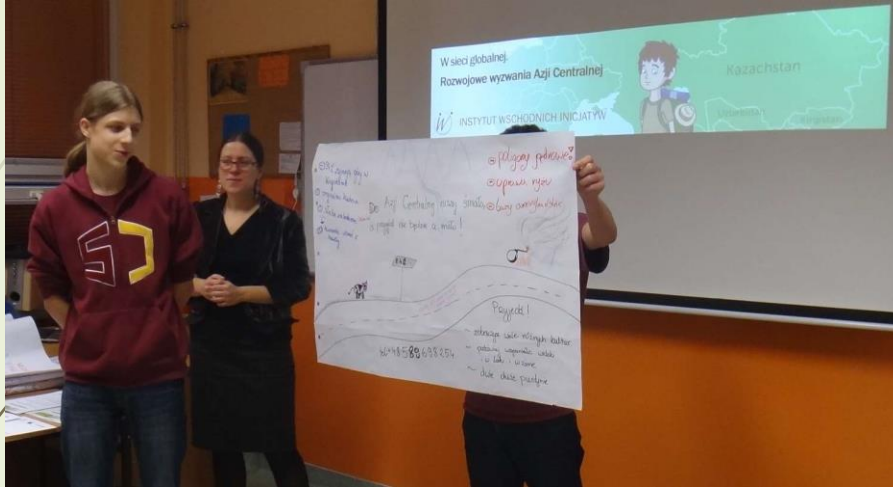

- ▶ Participants had to visit 4 or 5 points, where they received an envelope with the tasks.
- ▶ Most of the points were supported by students from Central Asia.
- ▶ The tasks were related to the creation of the advertising poster, assignation of traditional clothes, working with the map, solving the test of knowledge and providing an interview with students from Central Asia

SCHOOL GAME

SEMINARS AFTER GAME

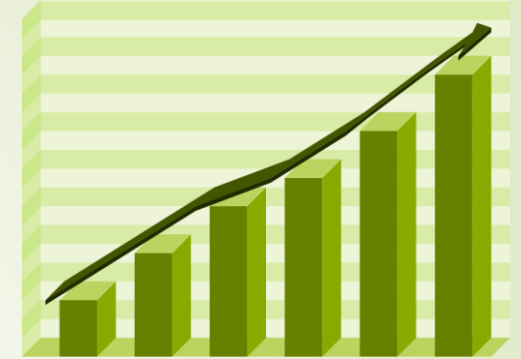

- After the game, there was held a seminar summarizing the project, where the teams presented their works during school game. Students from Central Asia were giving speeches. Pupils received diplomas and small gifts.

SEMINARS AFTER GAME

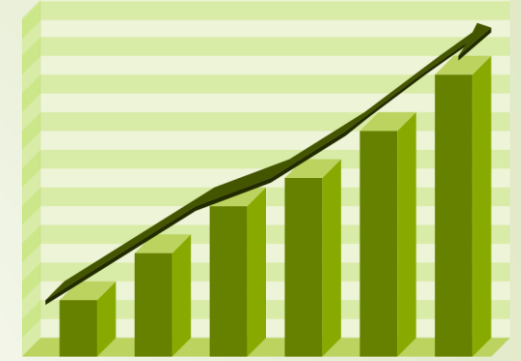

PROBLEMS

- Workshops in schools:
 - Problem to determine a date
 - Different motivation of participants (presence mandatory or additional)
 - Different number of participants (from 18 to 38)
 - Technical problems (room, computer, programs, sound)

- Meetings for teachers:
 - Lack of interest
 - Problem to determine a date

PROBLEMS

- School game and seminar:
 - Unprepared rooms
 - Changing previous findings (deals)
 - Volunteers (not coming, delays)

- Others:
 - Car accident
 - Bad communication with schools (not reading e-mails, not answering e-mails)
